

## Latherwash 2D Curve with Modular Frame

The ONVO Latherwash 2D Curve with Modular Frame is designed for situations where there is no wall void and ideally for installations suited for KS2 – KS4 ages. The Latherwash 2D Curve has a 20mm radiused front edge making it a very safe product for the toilet environment. The splashback is covered at a radius of 10mm meaning there are no internal dirt traps. A wide range of solid grade laminate colours are available for the front and frame panels.

Codes	Length	Users
602D/MF	600mm (23 $\frac{5}{8}$ " )	1
1202D/MF	1200mm (47 $\frac{1}{4}$ " )	2
1802D/MF	1800mm (70 $\frac{7}{8}$ " )	3
2402D/MF	2400mm (94 $\frac{1}{4}$ " )	4
3002D/MF	3000mm (118 $\frac{1}{8}$ " )	5

### Technical Data

Warranty	10 years from date of purchase
Solid surface	Corian
Frame panel material	Solid grade laminate (wide range of colours available)

### Installation Requirements
