

Latherwash 2D Curve

The Solid Surface Latherwash 2D Curve is ideal for areas where deck mounted sensor taps are preferred due to lack of void space. The Latherwash 2D Curve has a 20mm radiused front edge making it a very safe product for the toilet environment. The splashback is covered at a radius of 10mm meaning there are no internal dirt traps. Available in a wide range of Solid Surface colours and solid grade laminate front panel options.

Codes	Length	Users	Weight
602D	600mm (23 $\frac{5}{8}$ ")	1	27Kg (59lb 8oz)
1202D	1200mm (47 $\frac{1}{4}$ ")	2	42Kg (92lb 10oz)
1802D	1800mm (70 $\frac{7}{8}$ ")	3	58Kg (127lb 13oz)
2402D	2400mm (94 $\frac{1}{4}$ ")	4	73Kg (160lb 15oz)
3002D	3000mm (118 $\frac{1}{8}$ ")	5	88Kg (194lb)

Technical Data

Warranty	10 years from date of purchase
Solid surface	Corian
Front panel material	Solid grade laminate (wide range of colours available)

Installation Requirements

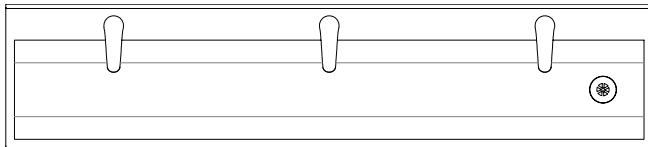

Support needed	Modular bracket system included
Fixing height	See drawing
Tension in top fixing location (Unfactored)	2.96kN
Shear in bottom fixing location (Unfactored)	1.92kN
Plumbing	Connection to 1 $\frac{1}{2}$ " waste outlet required. Installer to provide water supply for taps. See separate datasheet for ONVO sensor taps.
